This is the framework for meaningful connection. Don't miss the five-part HBO Max docuseries *Brené Brown: Atlas of the Heart*! In *Atlas of the Heart*, Brown takes us on a journey through eighty-seven of the emotions and experiences that define what it means to be human. We must ensure that civilization would rebound if it collapsed; counter the end of moral progress; and prepare for a planet where the smartest beings are digital, not human. If we put humanity's course to right, our grandchildren will thrive, knowing we did everything we could to give them a world full of justice, hope and beauty. The *Sum of Us: What Racism Costs Everyone and How We Can Prosper Together* NEW YORK TIMES BESTSELLER is a longlisted for the NATIONAL BOOK AWARD. One of today's most insightful and influential thinkers offers a powerful exploration of inequality and the lesson that generations of Americans have failed to learn: Racism has a cost for everyone—not just for people of color. At its core, racism is a powerful system that creates false hierarchies of human value; its warped logic extends beyond race, from the way we regard people of different ethnicities or skin colors to the way we treat people of different sexes, gender identities, and body types. He tells it like it is—a dose of raw, refreshing, honest truth that is sorely lacking today. And when he kissed her, could this imperfect man be perfect for her?
